

Quantima™

Outstanding energy and waste savings plus reduced environmental footprint.

- Lower energy use
- Lower CO₂ emissions
- Lowest physical resources
- Lowest noise level—69 dB(A)
- No oil

Cuts tons of CO₂ during manufacture, use and disposal.

Over a ten-year period compared to traditional screw technologies, 400 HP Quantima units can reduce the amount of CO₂ produced by 1,920 tons—that offsets the total emissions from 75 family cars and is equal to planting 16,000 trees.
